### IMPORTANCE OF UP-TO-DATE CHARTS

New editions of paper Print-on-Demand (POD) charts are available on the Monday after NOAA clears a new edition for release. Once the authorized POD chart is available, it meets federal chart carriage requirements, and should be put into service immediately. It should be updated from the “last correction and cleared through” dates shown in the lower left corner of the chart.

The chart date is vitally important to the navigator. When charted information becomes obsolete, further use of the chart for navigation is dangerous. Natural and artificial changes, many of them critical, are occurring constantly; therefore it is important that navigators use up-to-date charts.

Nautical charts and publications are available for purchase from authorized POD agents and their sales outlets. Find information on obtaining charting products and a listing of authorized agents is at <https://www.nauticalcharts.noaa.gov>.
